### WHAT IS THE NA PROGRAM?

*We are not interested in what or how much you used or who your connections were, what you have done in the past, how much or how little you have, but only in what you want to do about your problem and how we can help. The newcomer is the most important person at any meeting, because we can only keep what we have by giving it away. We have learned from our group experience that those who keep coming to our meetings regularly stay clean*

### WHO IS AN ADDICT?

*Most of us do not have to think twice about this question. WE KNOW! Our whole life and thinking was centered in drugs in one form or another, the getting and using and finding ways and means to get more. Very simply an addict is a man or woman whose life is controlled by drugs. We are people in the grip of a continuing and progressive illness whose ends are always the same, jails, institutions, and death.*
